INTRODUCTION

For the first twenty-five years of existence, I lived as similarly unique a life as anyone else, but in September of 2007, things would begin to change. It was my final semester of college when a close friend brought a documentary film to my apartment that awoke me from a great delusion and changed the path I had planned to travel.

Having realized something wasn't right in the world, I sought to learn more, but the impact of experiences and influences made investigation difficult. I wandered, searching for a worthy starting point and wouldn't find one of relevance until hearing about Solomon- who many say was the wisest man to ever live. GOD offered him anything he wanted and Solomon asked for wisdom- so did I.

I asked GOD to reveal what I wasn't seeing and show me what was taking place in the World. I decided to determine if the Christian beliefs I had greatly neglected were the product of cultural indoctrination or something more. 100% willing to reject Christianity should the evidence prove to be insufficient, I began to investigate in search of TRUTH without fear- fueled by a genuine desire to know.

In March of 2009, the journey which led me to write this book officially began. One night, I felt inclined to enter my bedroom, turn off the light, kneel at the side of my bed, and pray- "GOD, I don't want to just live and die. I want to do something with my life that matters." In that moment, my head felt like a large, expanding balloon- it was empty. And then, in an instant, I felt a contraction, and a powerful impression from GOD remained- "WRITE A BOOK. I HAVE GIVEN YOU THE TOOLS."

I instinctively knew what to write about but had a lot to learn.

From that moment on I have sought to honor the Call.

The journey has not been easy, but GOD has made a way.

““What constitutes the bulwark of our own liberty and independence? It is not our frowning battlements, our bristling sea coasts, our army and our navy. These are not our reliance against tyranny. All of those may be turned against us without making us weaker for the struggle. Our reliance is in the love of liberty which GOD has planted in us. Our defense is in the spirit which prized liberty as the heritage of all men, in all lands everywhere. Destroy this spirit and you have planted the seeds of despotism at your own doors. Familiarize yourselves with the chains of bondage and you prepare your own limbs to wear them. Accustomed to trample on the rights of others, you have lost the genius of your own independence and become the fit subjects of the first cunning tyrant who rises among you.”

-Abraham Lincoln

People hear The Truth, but refuse to really listen- see the many signs & choose not to envision.

People savor life, knowing something is missing- avoiding The Truth, to settle for wonder & wishing- would be alive, but to death they're persisting.

People play with fire, get burned, & don't learn, then point to blame GOD when failing to discern.

They smell the smoke & assume it won't affect them- sense a change is needed, but ignore The Right Direction.

They sense a desire to do what is right, but many suppress it & wonder, "Why plight?"

We have been given The Path to follow, but many refuse to go- continuing toward destruction while their conscience says, "No."

Society has advanced so far in one-hundred-fifty years.

Horse & buggy, trains, & new frontiers- THE FOUNDATION of REALITY to depravity & worshipping mirrors.

One Nation under GOD is a claim American's make, but many don't live it or know what's at stake.

GOD is not pleased. Yes, GOD does exist- follow The Direction or what could be will be missed.
